This Map Indicates the Nearness of Yolo County to California's Large Cities

Just a Little Minute

This is just a little message from California's Grand Prize County. It is made brief for the busy man or woman.

Moreover, it is an invitation for you to "come and see" or "ask the man" who does know.

Look at the map—note its nearness to markets and to the Capital City and San Francisco.

Full and complete information will always be furnished promptly and cheerfully, if you will address:
